V. Report from Academic Programs

A. Pat Jepson asked for input on exceptions to the 36 credit requirement for All Majors #5 which states: "include at least 15 credits from departments in the College of Agriculture and Natural Resources." It was the opinion of the committee that this was a pretty minimal requirement already and accepting anything less is unwarranted. However, she asked that the committee members bring this discussion to their respective departments for their input. Cameron Faustman said that we might want ask "what is the purpose of the 15 credit rule within the 36 total 2000 level or above requirement? Is there a better model that will suit our students?"

VI. Other Business: None

VII. Adjourn -The meeting adjourned at 3: 47 pm. The next meeting will be on April 16 2010 at 2 pm in WBY 207-208.
