

CAHNR Curricula and Courses Committee
Meeting Minutes - FINAL
April 1, 2016
WBY 209

I. Call to order by Chair Mike Darre 2:15 pm: Members present: Emma Bojinova, Rhonda Brownbill, Mike Darre, Sal Frasca, Pat Jepson, Gary Kazmer, Stephanie Mazerolle, Kristen Schwab, Lauren Wilson, and Harrison Yang (for Tom Meyer)

II. Old Business: Minor in Agricultural Biotechnology – We discussed the current version and listing of courses and noted that some were not being offered but still listed, such as AH 3020. It was suggested by Sal that a member from each department within the CAHRN that has courses listed in the minor all meet and elect someone to take the lead role in coordinating and administering the minor.

III. New Business:

A. The Department of Animal Science Proposes the following:

1. ADD: ANSC 3681 Summer Internship Experience – Zero Credit. Effective Summer 2016 (Gary and Sal)

Proposed Catalog Copy:

ANSC 3681 Summer Internship Experience – Zero Credit.

Hours by arrangement. Prerequisite: Open to students who have earned a minimum of 24 credits and instructor consent. Students taking this course will be assigned a final grade of S (Satisfactory) or U (unsatisfactory). May be repeated. Andrew, Darre, Milvae.

Provides an opportunity for students to gain practical experience, knowledge, and professional skills in a work environment related to employment and careers in animal science. Students work with instructor and internship supervisor to develop a contract and learning experiences syllabus to ensure a meaningful and educational experiences.

MOTION PASSED CAHNR CC 15-16-101

2. REVISE: ANSC Major Requirements: Remove Organic Chemistry Lab as a major requirement. Effective Immediately for all catalog years. (Gary and Lauren)

Current catalog copy:

Animal Science majors must pass all courses from Group A, at least one course from Group B, at least one course from Group C, and one additional course from either Group B or C. No single class can satisfy more than one requirement.

Group A

ANSC 1001, 1111, 3121, 3122, 3194;

BIOL 1107, 1108;

CHEM 1122 or 1127Q or both 1124Q and 1125Q; CHEM 2241 and 2242, or CHEM 2443 and 2444 and 2445;

PVS 2100;

One of the following: ANSC 4341, MCB 2000, MCB 2610

Group B

ANSC 2251, 2271, 3261, 3272, 3273

Group C

ANSC 3311, 3313, 3316, 3323, 3343, 3641, 4311, 4341 (if not already taken to fulfill Group A requirement)

Proposed Catalog copy:

Animal Science majors must pass all courses from Group A, at least one course from Group B, at least one course from Group C, and one additional course from either Group B or C. No single class can satisfy more than one requirement.

Group A

ANSC 1001, 1111, 3121, 3122, 3194;

BIOL 1107, 1108;

MOTION PASSED CAHNR CC 15-16 102 (1 abstention and 1 nay vote)

B. The Department of Kinesiology proposes the following:

1. ADD: KINS 5101 Musculoskeletal Examination and Acute Treatment II Effective Fall 2019 (Stephanie and Gary)

Proposed Catalog Copy:

KINS 5101 Musculoskeletal Examination and Acute Treatment II. Four Credits. Prerequisite: Must complete KINS 5100 with a C or better.

The purpose of this course is to introduce students to the common types of orthopedic injuries and/or dysfunctions that occur to the lower extremity during physical activity and/or athletics. Injuries will be discussed from the following viewpoints: etiology and mechanism of injury; pathology; recognition and evaluation techniques; protocols; and prevention. Students will also learn to apply the techniques of orthopedic injury assessment and evaluation as well as the immediate care of those injuries.

MOTION PASSED CAHNR CC 15-16-103

2. ADD: KINS 5102 Therapeutic Interventions in Athletic Training I Effective Fall 2019 (Stephanie and Gary)

Proposed Catalog Copy:

KINS 5102 Therapeutic Interventions in Athletic Training I Four Credits Prerequisites: EKIN 3120 and EKIN 3130

This course will use an integrated approach to the treatment and rehabilitation of athletic injuries and conditions. The course will discuss the physiology and phases of healing with regards to specific types of tissue, various tissue responses to different types of training modalities, the

theory behind common treatment modalities, and rehabilitation paradigms. Students will take an active role in learning to plan, implement, document, and evaluate the efficacy of therapeutic interventions in the treatment of physically active people with musculoskeletal injuries.

MOTION PASSED CAHNR CC 15-16-104

3. ADD: KINS 5105 Documenting Outcomes and Evidence Based-Practice in AT Effective Fall 2019 (Stephanie and Gary)

Proposed Catalog Copy:

KINS 5105 Documenting Outcomes and Evidence Based-Practice in AT. One Credit

Athletic training students will be instructed in the use of proper medical documentation through lecture and class discussion. This course will provide the student with the knowledge of medical terminology and abbreviations necessary to communicate with physicians and other healthcare professionals. Students will develop an understanding of evidence-based medicine, health related quality of life and outcome assessments.

MOTION PASSED CAHNR CC 15-16-105

4. ADD: KINS 5106 Emergency Procedures in Athletic Training. Effective Fall 2019 (Stephanie and Emma)

Proposed Catalog Copy:

KINS 5106 Emergency Procedures in Athletic Training. Four Credits. Prerequisite: Must possess CPR, AED, and first aid certification.

Evaluation and treatment skills for athletic injuries to the head, face, neck, trunk, thorax, abdomen, and those caused by the environment. Acute first-aid considerations in life-threatening situations will also be covered in-depth.

MOTION PASSED CAHNR CC 15-16-106

5. ADD: KINS 5201 Athletic Training Clinical Experience II effective Fall 2019 (Stephanie and Rhonda)

Proposed Catalog Copy:

KINS 5201 Athletic Training Clinical Experience II. Two Credits. Prerequisites: KINS 5200 and CPR, First Aid, AED Certified.

In this practicum experience the student works directly with a certified athletic trainer and is assigned to a specific athletic training practice setting. It involves providing day-to-day care for the participants, as well as administering treatments and rehabilitation under supervision of the preceptor. Students will be expected to be immersed daily into the role of the athletic trainer.

MOTION PASSED CAHNR CC 15-16-107.

C. Agriculture and Natural Resources proposes the following:

1. ADD: AGNR 3681 Internship Experience – Zero Credit. (Pat and Gary)

Proposed Catalog Copy:

AGNR 3681 Internship Experience – Zero Credit.

Hours by arrangement. Prerequisite: Open to students who have earned a minimum of 24 credits and instructor consent. Students taking this course will be assigned a final grade of S (Satisfactory) or U (unsatisfactory). May be repeated.

Provides an opportunity for students to gain practical experience, knowledge, and professional skills in a work environment related to employment and careers in agriculture, health and the environment. Students make arrangements with instructor and worksite supervisor prior to enrollment, develop a plan for meaningful and educational tasks and experiences, and submit written reports and other documentation as required by the instructor.

MOTION PASSED CAHNR CC 15-16-108

VI. Time and Place of next meeting. April 15, 2016, 1:30 pm 209 WBY

VII. The meeting was adjourned at 3:10 pm
