Title and Catalog Copy:

NRE 3265 Sustainable Urban Ecosystems. 3 credits. Recommended preparation: prior coursework in environmental conservation. Morzillo

Evaluating the state of the knowledge about natural resources in urban systems from the perspectives of natural science and social science. Exploring the complexity of managing ecosystems in and in relation to urban environments.

MOTION PASSED CAHNR CC 14-15-69

IV. Report from Academic Programs:

1. Students can now declare minors online at <http://ppc.uconn.edu/>
This is the program/plan change site for the College of Liberal Arts and Sciences, but they have included minors from most schools and colleges.

Students will still need to work with advisors for the minors to verify requirements and access to courses, and they will need to complete the Plan of Study for the Minor when they apply to graduate.

2. The dismissal process has changed. If eligible for dismissal, students will be dismissed and then they must start the appeal process for re-admission.

V. Other Business:?

VI. Time and Place of next meeting. February 6, 2015. 1:15 pm WBY 209

VII. Adjourn The meeting was adjourned at 2:20 pm.
