

CAHNR and RHSA Curricula and Courses Committee
Meeting Minutes Final
1:30 pm February 16, 2018
WBV 209

I. Welcome - Call to order by Chair Mike Darre at 1:35 pm

Members present: Mark Brand, Rhonda Brownbill, Emma Bojinova, Sandy Bushmich, Mike Darre, Gary Kazmer, Stephanie Mazarolle, Lauren Wilson. Absent: Mazhar Kahn, Tom Meyer.

II. Old Business: None

III. New Business:

A. The Department of Allied Health proposes the following:

1. ADD: AH 3289: Research in Allied Health Sciences. Effective Fall 2018 (CAR 17-5666) (Lauren and Gary)

Proposed Catalog Copy:

AH 3289. Research in Allied Health Sciences Variable (1-3) credits. Hours by arrangement. Open only with consent of instructor, advisor and department head. May be repeated for credit. Students may only count a maximum combined credit total of 6 credits toward the Allied Health major of International Study, Independent Study, Internship, and Research credits. Guidelines, learning agreement, and supporting documentation required.

Provides students in the department of Allied Health Sciences research experience under the guidance and supervision of a department faculty member; designed to engage a student in inquiry and investigation on a topic of interest.

MOTION PASSED CAHNR CC 17-18-73

2. ADD: AH 4289 Honors Research in Allied Health Sciences. Effective Fall 2018 (CAR 17-5667) (Lauren and Emma)

Proposed Catalog Copy:

AH 4289. Honors Research in Allied Health Sciences Variable (1-3) credits. Hours by arrangement. Open only with consent of instructor, advisor and department head. May be repeated for credit. Students may only count a maximum combined credit total of 6 credits toward the Allied Health major of International Study, Independent Study, Internship, and Research credits. Guidelines, learning agreement, and supporting documentation required.

Provides students in the department of Allied Health Sciences advanced research experience under the guidance and supervision of a department faculty member; designed to engage a student in advanced independent inquiry and investigation on a topic of interest. For students in the Honors program, the understood purpose of the student's involvement in this course is to build toward the completion of an Honors Scholar thesis project.

MOTION PASSED CAHNR CC 17-18-74

3. REVISE: The standard plan and concentrations in Health Sciences, Healthcare Administration, Public Health and Health promotion and Occupational and Environmental

Health and Safety by adding AH 3289 Research in Allied Health Sciences and AH 4289 Honors Research in Allied Health Sciences as a group B major requirement option. Effective Fall 2018. (Lauren and Stephanie)

Current Catalog copy:

36 Credits Major Requirement

Students majoring in Allied Health Sciences (AHS) (with or without a concentration) must complete 36 credits of course work (Groups A and B below) meeting the following requirements:

1. Numbered 2000 level or above
2. Include a minimum of 30 credits completed at the University of Connecticut
3. Approved by the student's advisor and department head
4. Include coursework from two or more departments
5. Courses cannot be taken on pass/fail
6. Courses must be passed with a grade of "C" or better
7. Courses may be repeated once for a total of two times
8. Cannot include more than 6 credits (combined) of internship, independent study, or international study taken at the University of Connecticut
9. Cannot include more than 8 credits of courses used to satisfy requirements for a minor

The 36-credit major and graduation requirements to the Allied Health Science:

Group A

A minimum of 18-21 credits (varies by concentration) in Major course work within CAHNR.

Course requirements vary by concentration as indicated below.

Group B

A minimum of 15-18 credits in Related Cognate course work (varies by concentration) selected based on the student's interest, ability, and career goals, which must be approved by the advisor and department head. Courses used cannot also be used to meet Group A requirements.

Students may include a maximum of 6 credits of combined International Study (AH 2093, 4093), Independent Study (AH 3099; DIET 3099; DGS 3999; MLSC 4099) and Internship credits (AH 3091) toward the Group B requirement with advisor and department head approval.

Revised Catalog copy:

36 Credits Major Requirement

Students majoring in Allied Health Sciences (AHS) (with or without a concentration) must complete 36 credits of course work (Groups A and B below) meeting the following requirements:

1. Numbered 2000 level or above
2. Include a minimum of 30 credits completed at the University of Connecticut
3. Approved by the student's advisor and department head
4. Include coursework from two or more departments
5. Courses cannot be taken on pass/fail
6. Courses must be passed with a grade of "C" or better
7. Courses may be repeated once for a total of two times
8. Cannot include more than 6 credits (combined) of **research**, internship, independent study, or international study taken at the University of Connecticut
9. Cannot include more than 8 credits of courses used to satisfy requirements for a minor

The 36-credit major and graduation requirements to the Allied Health Science:

Group A

A minimum of 18-21 credits (varies by concentration) in Major course work within CAHNR.

Course requirements vary by concentration as indicated below.

Group B

A minimum of 15-18 credits in Related Cognate course work (varies by concentration) selected based on the student's interest, ability, and career goals, which must be approved by the advisor and department head.
